Scalford School Questionnaire: Results

On behalf of the Governors and Staff of Scalford School I would like to thank all of the families who took part in our 2017 Questionnaire. I am delighted with the number of people who engaged with this important process, which undoubtedly leads to improvement within the school. Out of 54 families we received 42 completed questionnaires and I am sure you will find the results interesting to read. I hope you agree that we have an overwhelming majority of happy families at Scalford School, but of course there is always room for improvement.

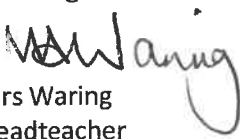

Some people have left one or two statements blank or written 'not sure'. I believe these are from families new to the school that may not have sufficient knowledge to comment. If this assumption is incorrect please pass on a little more detail.

So that we can make every effort to address any specific concerns that one or two families have could we ask you to expand on your particular area of disagreement. We would particularly appreciate more detail on 'school keeping my child safe' even though it's only one disagreement (plus 1 not quite sure) we take safeguarding immensely seriously and would never wish anyone to feel that we do not keep their child safe. We are unaware of any specific concerns so this would really help us.

Please use the reverse of this letter for your responses to enable us to address any concerns and post in our letterbox outside Base 3 or send in to the school office by next Thursday. If you wish to have a meeting or personal response, please include your contact details.

Once again thank you everyone, it is very rewarding to see so many statements agreed by 100% of those who replied. Everyone at Scalford School works incredibly hard and when we receive such positive feedback it makes us feel that all of our efforts are worthwhile.

Kind regards

Mrs Waring
